

Interim report as at 31 March 2018

fielmann

Fielmann Group Interim report as at 31 March 2018

Dear Shareholders, Dear Friends of the Company,

After an extremely mild January, footfall dropped sharply in the months of February and March due to a serious wave of influenza.

Units sold and sales revenue

The number of glasses sold in the first quarter of 2018 amounted to 1.92 million (previous year: 1.95 million). External sales incl. VAT and changes in inventories reached \in 401.7 million (previous year: \in 402.9 million), while consolidated sales grew by 2.3% to \in 349.9 million (previous year: \in 341.9 million).

Earnings and investments

Fielmann generated a pre-tax profit of \leqslant 61.4 million (previous year: \leqslant 60.6 million) and the net income for the quarter amounted to \leqslant 43.3 million (previous year: \leqslant 42.1 million).

In the first three months, investments totalled \leqslant 14.6 million (previous year: \leqslant 10.2 million). All investments were financed from our cash flow.

As at 31 March 2018, Fielmann operated 724 stores (previous year: 706), 184 of which also contained hearing aid studios (previous year: 170).

Earnings per share

Q1 earnings per share were € 0.50 (previous year: € 0.49).

There were no circumstances which could have diluted earnings per share during the period under review or comparable periods.

Dividend

The Supervisory Board and Management Board of Fielmann Aktiengesellschaft will recommend to the Annual General Meeting on 12 July 2018 that a dividend of € 1.85 per share be paid out. This represents an increase of 2.8% over the previous year. The total dividend payout amounts to € 155.4 million (previous year: € 151.2 million). The dividend will be paid out after the approval by the Annual General Meeting on 17 July 2018.

Employees

Fielmann is Germany's largest employer in the optical industry, with 18,368 employees as at 31 March (previous year: 17,775), of which 3,243 are

apprentices (previous year: 3,048). Fielmann is also the biggest training provider and accounts for more than 40% of all apprentices in Germany. National awards testify to the high standard of our training. In the German optical industry competition, Fielmann accounted for all national winners over the last five years.

Günther Fielmann and Marc Fielmann will jointly lead Fielmann Aktiengesellschaft in a Co-CEO structure. This decision was made unanimously by the Supervisory Board in its session on 12 April 2018 and is effective immediately.

Information on the bodies of the Company

Changes to invoicing modalities with the health insurance providers in the hearing acoustics business have resulted in an earlier time frame for revenue recognition. The amount of finished orders was reduced in line with the higher sales revenues.

Change to the reporting of total consolidated sales

To Fielmann's knowledge, there is no information necessitating changes to the main forecasts or other expectations formulated in the last Group Management Report. The statements provided in the Annual Report 2017 on the opportunities and risks of the business model remain unchanged, too.

Forecast, opportunities and risk report

Fielmann will continue to grow, open up new stores, expand existing ones and move into better locations. On 22 March, Fielmann opened its first Italian flagship store in Verona. We currently operate 12 stores in Northern Italy and plan for 40 stores there over the medium term.

Outlook

April showed a significant increase in footfall in the stores. We are confident of expanding our market position and expect a positive development for the financial year 2018.

Hamburg, April 2018

Fielmann Aktiengesellschaft The Management Board
